Ms. Howe opposes the lines going around her area. She wanted to voice her opinion about the Line Siting in and around Florence Southeast of Phoenix. She moved out there for a reason and that was to get away from danger. The power lines are dangerous regardless of what people say. She bought her property to get away from it all. If she wanted power lines right by her home she would of bought a home with existing power lines near by. She is mainly concern with the property value it will go down.
